Beardtable adder Peri Merlistreistein,

I, a student anywitine roych is het letter add set a response hearstigges transdieg a het met the dia at India fishting agaigst the file old and side and carried the control of ivablementing the Attaday Heckdown till Asti-April AP29 for peaisting the Community Communition of Transmission of the virus and the measures being taken for the help of people hailing from economically weaker
Transmission of the virus and the measures being taken for the help of people hailing from
backgrounds. Now, coming to the point this is to bring to your knowledge that in a country of a
economically weaker backgrounds. I would like to this is to bring to your knowledge that in a
population of 1.2 billion people only 18 persons are being tested for COVID-19 country of a population of 1.2 billion people only 18 persons are being tested for COVID-19 rate rounds to around 21,600 people being tested for the virus. This is just 9.0018% of the entire per diamillion. This rate rownds to around 21,600 people heing tested for the viruse This is just Quelante entire consultation of repersonality of councideride courts a commercial consultation of the cons Tarantsmissioners with a discussed state of the same state of the there are troy and affect a deason leened storm set a geily affected them at his mathles attacks ig a namber of hivingalilificarie sillelgesensomewhoekerignin protecte wheenesthelice and action of reduction and expessive modernic geoperfection kite out machinal fredition. A naige vacurable to the docamentarion around isnot propagations participalities for abegin to travel to cities for cetting a consequence of Bengal, bascaly around expresting kits. Spo Sier Lesculd likes to requast aroustnick increase the number of testing kits in our country because our Sol Lockdown around the country there isn't proper transport in Hostages from our enemy until we know exactly how man cities for getting tested. So, Sir, I would like to request Serco incluye Size I two und hit keeto of reasy jour leite intion it out to do be trulibed as selected by Wolfe to be the best to has care take this taken in a sea part how to some ememoral that is the time to be a sea of the time t റ്റെസ്സുല്ലൂty of our Country, I would kindly request you to inspire the capable and willing to help youth of this country to stand beside them who don't have food to eat or a shelter to live or no one for conclination in an energy petition exists a term of the conclination of the concli wigglether earlipest local population mediag lacible gets pinglete and for, symmotion the evolor constriction in the killages iand even transfin to the harsbirst wanted section as the health of the horizontalistic form. this prevenient of frankahdistrainen us of the other than the training of the other than the training of the other training of the o power of the still the still the same of t d 8 wh blook downs and pot being able to departe blook and blood the most i Due to the six his is a huge problem for patients suffering from Thalassemia and he dial measures. The help of final year MBBS Students might around 10 thousand cases of Leukemia and Thalassemia each are it in number of medical officials. Moreover, there needs to define the transfusion every week. So, Sir, this is to request you to call major tracilities from villages to cities and cities to villages as well unistration in organizing blood donation camps every week while Leukemia in our co also be taken if t reported annually PS highly on diged and grateful to so bit you kindly look intert of 6 to 7 fehaccand headers and organizers of the Camp. Sir, your message to the entire Nation can do common enemy of mankind and the indirect damages caused due to the structure in leading the Nation in our battle against the COVID-19.

Thanking You. Wishing you all the best wishes in leading the Nation in our battle against the COVID-19.

Most Sincerely Yours,

Mostas Mariky Yours,

Aritra Marik
